GREEN CERTIFIED

New breakthrough carpet cleaning technology gets carpets cleaner and lets them dry in hours, not days.

You can walk on your carpets in just 1-2 hours with Chem-Dry®'s new low water, hot Carbonating (similar to club soda) cleaning process. It's called "The Natural®" because it is non-toxic and dries with no dirt-attracting residues. Your carpets are left totally safe for your children and pets. And because of its scientific formulation, your carpets resist dirt and spills and stay cleaner longer, saving you money.
